Annual Supplier Review and Planning Notes for 2027

The supplier review found that most delays came from late purchase orders rather than transport, and the team agreed a new cut-off. The supplier review found that most delays came from late purchase orders rather than transport, and the team agreed a new cut-off. The supplier review found that most delays came from late purchase orders rather than transport, and the team agreed a new cut-off.

Findings

- Item 1: point 1
- Item 2: a longer list entry that wraps onto a second printed line because it keeps going and going point 2
- Item 3: point 3
- Item 4: point 4

Prepared by the planning team.

Appendix

1. First **numbered** step
2. Second step

The supplier review found that most delays came from late purchase orders rather than transport, and the team agreed a new cut-off. The supplier review found that most delays came from late purchase orders rather than transport, and the team agreed a new cut-off. The supplier review found that most delays came from late purchase orders rather than transport, and the team agreed a new cut-off.
